

PRESIDENT ROBAK: The Chair recognizes Senator Hillman.

SENATOR HILLMAN: Yes, thank you, Madam President. Again, I would just mention the fact that there is an A note (sic) that looks at \$8,000 the first year, \$2,000 of that would be for startup funds, the rest of those would be for some correspondence postage, and basically we'd go for per diem to reimburse those health board members, and just for expenses only. There is no other expenses incurred with those board members, only their travel and whatever expenses they would need to stay in town.

PRESIDENT ROBAK: Thank you, Senator Hillman. Senator Hillman, do you wish to waive closing?

SENATOR HILLMAN: I'll waive closing?

PRESIDENT ROBAK: The issue before the body is the advancement of LB 211A. All those in favor vote aye, all those opposed vote nay. Please record, Mr. Clerk.

CLERK: 28 ayes, 0 nays, Madam President, on the advancement of 211A.

PRESIDENT ROBAK: LB 211A advances. LB 436.

CLERK: LB 436, offered by Senator Pirsch. (Read title.) The bill was introduced on January 14 of last year, at that time referred to the Judiciary Committee. The bill was advanced to General File. There are committee amendments pending by the Judiciary Committee.

PRESIDENT ROBAK: The Chair recognizes Senator Lindsay to open on committee amendments.

SENATOR LINDSAY: Thank you, Madam President, members. The committee amendments were committee amendments that were brought...a clarification amendment brought by the introducer of the bill, Senator Pirsch, to just clarify that there would be a...prior to entering a youth development center that there would be a predisposition evaluation. The original language required a predisposition evaluation in all cases, rather than just those that involve commitments to youth development centers in Geneva or Kearney. I would urge the adoption of the committee amendments.
